

## To The Hike Visitor

This brochure outlines the activities of the Smoky Mountains Hiking Club, and tells you how to join the Club. We are pleased to enclose a copy of (1) our Club *Newsletter* which lists hikes and other events for the month, and (2) the *Appalachian Trail Maintainers News*. The A.T. Maintainers Committee invites your help in trail maintenance. As a first-time hiker you will receive a second gratis copy of these two items.

For accessing future Club Newsletters,

(1) Consult the SMHC Website at

[www.smhclub.org](http://www.smhclub.org)

(2) Become a Member of SMHC - by completing and mailing the Application Form from this brochure with your check.

## Club Program

Our diverse outing program includes :

- (1) **regular hikes** which are day-trips on trail, or cross-country, and usually held on Saturday or Sunday.
- (2) **easy hikes** which are also conducted on weekends.
- (3) **mid-week hikes** which are held on two Wednesdays each month,
- (4) **backpack trips**, in which participants carry own food and shelter for one or two nights. These may be on-trail, or off-trail.
- (5) **camp-by-the-car excursions**- planned for tenting in areas located rather remotely from Knoxville (e.g., a State Park), with two or more hikes scheduled for the weekend.

The entire schedule of events for the calendar year is given in our Annual Handbook, available for \$ 4.00 a copy. Also included are a complete list of members and many facts about Club operations.

## Membership

Anyone at least 16 years of age and agreeing to the Club's Code of Ethics may join. To be eligible to lead Club hikes or be officers of the Club, members must have done three Club hikes (or two A.T. work trips).

Annual dues for regular membership are currently \$14 per year (reduced to \$8 for joining after August 1<sup>st</sup>, or after November 1, \$14 includes next year). Regular members receive the monthly Newsletter, and A.T. Maintainers News, plus the annual SMHC Handbook. Yearly dues for family members are only \$1.00. Their names are printed in the Handbook along with the names of regular members.

Two additional classes of membership are recognized: Supporting Membership at \$ 20 or more covers an entire family, as does Life Membership at \$ 500. Please note that contributions over the basic \$ 14 are tax-deductible, in view of SMHC's 501(c)(3) status.

Members who would prefer to receive the newsletters electronically as a PDF file may request that service.

## Conservation

The Smoky Mountains Hiking Club works to protect wildlife and promote good state and national park and forest management. We recognize that whatever we do today will affect the future of our wilderness areas and their enjoyment by future generations. Your participation will help us achieve our goals.

We promote conservation when the National Park Service and the US Forest Service prepare their management plans. Hiking Club representatives work with regional conservation groups such as the Tennessee Citizens for Wilderness Planning, and with national conservation organizations such as the Sierra Club and the Wilderness Society. We keep our state and national representatives informed about conservation issues and we work with them to preserve our wild areas.

## Social

Club members also get together off the trail several times a year. Join us as we share our pictures at photo shows (both digital and slides) in the spring and fall. Share in our informal potluck supper as we elect new officers in late summer. Join us for our annual banquet in December. These activities give you an additional opportunity to meet other Club members.

## Appalachian Trail

The Appalachian Trail (A.T.) is a 2000-mile trail which follows the crest of the Appalachian Mountains from Maine to Georgia. The Trail is maintained by 31 clubs along the route. These clubs work with the Appalachian Trail Conservancy, the National Park Service, and the US Forest Service to maintain and improve the Trail, and to make it ready for the thousands of people who enjoy it every year.

The Smoky Mountains Hiking Club is responsible for maintaining nearly 100 miles of the A.T., running from the Nantahala River in North Carolina, to the northern end of the Great Smoky Mountains National Park in Tennessee.

From March through November, the SMHC organizes monthly work trips for group work on the Trail. Consult the latest Appalachian Trail Maintainers News for dates. Join us, and you will have the opportunity to work with experienced trail maintainers, repairing damaged sections of Trail, and occasionally renovating trailside shelters.

NOTES: About this 7/ /2008 revision  
(since the 12/2007 revision):

It now drops the "3-hikes rule" for membership and notes that that does apply for eligibility to lead hikes or be an officer.

All-New application form includes Code of Ethics, and refers to details on brochure p.3 about Membership \$ options. Also mentions PDF and has box to indicate this preference. It emphasizes the s on Mountains in our name.
